

Can't save an order - ERM ID error

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 17.01
-

Description:

Changing status of an order getting an error message "action may be none, send directly or create hold". This is stopping us from saving the record.

Resolution:

To resolve this problem, you need to populate Z68_TARGET_FLAG with any acceptable value, the default is 'N'.

Additional Information

ERM ID action may be none send directly or create hold save order
