

## XSL Creator (v16 and above)

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 18.01
- 

### Description:

We are upgrading from 15.5 to V18. In the V18 client, how do you disable the XSL Creator found on the Print History window in the various modules?

### Resolution:

There is currently no way to disable the XSL Creator button.
