## p\_serial\_13 not creating report of expected issues

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 18.01
- 

### Description:

I am attempting to run the service serial-13 without updating the database.

When I run the service it completes in only three minutes and does not produce a file.

I wanted to do this service without updating the database since we have had trouble with it before.

### Resolution:
