
Missing check_circ_11_b -- USPRB 13158

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

In the circulation module, when trying to 'Change Date' on an item, the GUI returns a "Communication error (global-7) Failed to read reply."

The pc_server log shows the following:

```
Load error : file 'check_circ_11_b'  
error code: 173, pc=0, call=58, seg=0  
173 Called program file not found in drive/directory
```

It seems to be looking for check_circ_11_b which I am assuming corresponds to check_circ_11_b.gnt under the /exlibris/aleph/a17_1/aleph/exe directory. All of the other check_circ type programs are there, but this one seem to be missing. Please advise.

Resolution:

check_circ_11_b has been removed.
The tab100 variable BOR-EXPIRY-DUE-DATE can be used to handle patron expiry dates and due dates.

Additional Information

Change Date, global-7, check_circ_11_b, check_circ
