

tab_match header lacks match_doc_gen, match_doc_script, etc.

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 16.02
-

Description:

The tab_match header says: "Following are the available match programs", but it doesn't include match_doc_gen, match_doc_script, match_doc_dup, etc.

(You can see a complete list in the "asm match_doc" directory)

Resolution:

The guide has been updated. We will also correct the table header in version 18.01 to indicate for further information about the match programs.

Please refer to this new document.

Additional Information

tab_match header
