

## SQL Access to Frequency data

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 16.02
- 

### Description:

There is a pulldown menu for "Frequency".

Can this field be accessed in any way using SQL queries to the Aleph database?

### Resolution:

The frequency is a subfield in the 853 tag. In order to access this with SQL you would need to have it in the Z00R.

---

## Additional Information

Frequency, access, sql queries, Z00R
