Description:

Where can I find online documentation regarding the X-Server in MetaLib v3.13 and higher?

Resolution:

If you have a license to access the X-Server, then the link to online MetaLib API (X Services) help is:

`http://<server name>:<port>/X?op=explain&func=intro`

Documentation can also be found on the EL Commons (<http://www.exlibrisgroup.org/display/MetaLib/login>).
