

## util a/8 results scroll off the screen

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Description:

When we do util a/8, the results are too numerous and they scroll off the screen. The results I do see are for USMnn and UNInn. I want to know if \*our\* tables are analyzed.

### Resolution:

The complete list of analyzed tables and indexes can be seen in the \$data\_scratch/util\_a\_08\_analyzed\_tables\_indexes.lst of the library to which you are dlib-ed.
