
Message 0139 in the ./error_eng/pc_acq_order

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 17.01
-

Description:

'Send directly' may be Y or N" is message 0139 in the ./error_eng/pc_acq_order.

We can see that the z68.pdf document shows these as the possible values for the z68_target_flag: N, D, H, and M. Is this correct?

Resolution:

Error message 0319 in ./error_eng/pc_acq_order has been corrected in version 18 to:

0319 0000 L "Send directly" must be N or D or H or M.

Additional Information

Send directly, z68_target_flag
