Description:

In Aleph 18 we are in the progress to migrate to "Integrated ILL". We would like to communicate via ISO-ILL and therefore need the ILLSV-library. We see that on our Aleph 18 site the ILLSV-user does not exist in Oracle:

```
>>s+ illsv
```

```
SQL*Plus: Release 10.2.0.4.0 - Production on Thu Jan 20 08:55:50 2011
```

```

```

```
ERROR:
```

```
ORA-01017: invalid username/password; logon denied
```

How can we create Oracle user and tables for ILLSV?

Resolution:

Please use the script \$aleph_proc/clear_ora_user:

```
>>csh -f $aleph_proc/clear_ora_user ILLSV  
Load: /exlibris/aleph/u18_1/alephe/tab/tab100  
Load: /exlibris/aleph/a18_1/illsv/tab/tab100
```
