Description:

We have a library that is open 24/5 during the semester . That is, we open Sunday at 10 am and do not close until Friday at 9 pm. we then open Saturday at 10 am and close Sat at 9 pm.

My question is-- how do I configure tab17 so that the library does not close for 5 days and that the hourly check outs get the correct due date.

I have tried several things, one of which follows and which resulted in hourly due dates of 00 for the hourly loans.:

```
UMMDA ##### 00 O 1100
UMMDA ##### 01 O
UMMDA ##### 02 O
UMMDA ##### 03 O
UMMDA ##### 04 O
UMMDA ##### 05 O 2100
UMMDA ##### 06 O 0900 2100
```

and

Fall - Spring

```
UMMDA ##### 00 O 1100 2859
UMMDA ##### 01 O 0001 2859
UMMDA ##### 02 O 0001 2859
UMMDA ##### 03 O 0001 2859
UMMDA ##### 04 O 0001 2859
UMMDA ##### 05 O 0001 2100
UMMDA ##### 06 O 0900 2100
```

This second option gives us the correct due dates but causes the late fines for those items returned after midnight to be miscalculated. The fines accrued after midnight are charged Twice - once until the return time and then again from midnight to the return time.

Resolution:

This issue 24-hour operation (24/5, 24/7, etc.) is being studied. There is no good solution at this time.
