

Current version of "How To Run Index Jobs"?

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20, 21, 22, 23
-

Description:

I see a "How to run index jobs" dated December 19, 2004 for releases 15.2, 15.5, 16.02 on the doc portal.

Where can I get the current version of this document?

Resolution:

[How To Run Index Jobs.doc](#) in [Additional How To Presentations from Support](#)

https://knowledge.exlibrisgroup.com/...s_from_Support

Also, consider the "Parallel Indexing Alternative" https://knowledge.exlibrisgroup.com/@api/deki/files/46613/Parallel_Indexing_Alternative.doc , attached to this article.
