## Changing the password in Util o / 11

- **Article Type:** General
  - **Product:** Primo
  - **Product Version:** 2
- 

### Description:

Changing the password using the util o / 11 does not work.

### Resolution:

This was fixed in SP 2.1.5 RN 5385:

Support for "\_" (underscore) as part of the user password input was added to UTIL O/11 (Change Oracle Password).

---

## Additional Information

password, util o
