

Recall Answer error response

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 19.01
-

Description:

Problem Description:

- 1) Recall date is not sent from lending to borrowing library
- 2) Lending library can not set new due date

Actual Results:

- 1) When a lending library changes the status of an ILL loan to recall the recall due date is not passed to the borrowing library.
- 2) When a borrowing library attempts to update the new due date they receive the error message "New date must be later than today and original date".

Expected Results:

- 1) When a lending library changes the status of an ILL loan to recall the recall due date is passed to the borrowing library.
- 2) When a borrowing library updates the new due date they are limited to a day later than today and earlier than the original date.

Resolution:

Fixed in v20. rc 3767
Fixed in v21. rv 18083
