
AutoUpdate Not Working for Targets

- **Article Type:** Q&A
 - **Product:** SFX
 - **Product Version:** 4
-

Question

AutoUpdate is active for a Target but newly added Object Portfolios are inactive.
Should these Portfolios be active?

Answer

- * The AutoActive setting controls whether new Object Portfolios are activated automatically when added in a KB update
- * The AutoUpdate setting applies to Target Service and Object Portfolio parser and parse param.

Additional Information
