

searching and sorting problems in CJK

- **Article Type:** General
 - **Product:** Verde
 - **Product Version:** 2
-

Description:

When working in a CJK environment, there are problems with sorting and searching.

- 1) Sorting should sort first by language, and then alphabetically. If the titles are indexed as the wrong language, the final list will appear to be mis-sorted.
- 2) The "Jump to" box does not support CJK.

Resolution:

Additional Information

chinese, japanese, korean, languages, alphabets
