

Expected arrival date remains after arrival

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

Is there a way to have the expected arrival date of a serial item clear automatically when the item is arrived?

We have been manually clearing this date after arrival.

Resolution:

When an issue is checked in, the system does not automatically zero out the expected arrival date -- and there is no option in the system to do this.

This would be an enhancement request.

Additional Information

z30_arrival_date, z30_expected_arrival_date
