

How to create add'l. payment methods

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 16.02
-

Description:

We would like to add add'l. payment methods. Current options are cash and credit card.

We are unable to find the appropriate table to update. [

Resolution:

The abc50/tab/pc_tab_exp_field.eng has these values:

PAYMENT-MODE L Cash 00

PAYMENT-MODE L Credit card 01

You can add whatever other values you like. It might be better to make your values "10" -up or "20"-up, in case Ex Libris should add some other values in the future.
