

sp.utility: Permission denied.

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 16.02
-

Description:

When we try to invoke the sp.utility in order to uninstall 16.02 SP 1936, we get the message "permission denied":

```
library-16(1) ABC01-ALEPH16>>sp.utility  
sp.utility: Permission denied.
```

Resolution:

We still investigating just why this happened, but were able to use "chmod" to correct it:

```
library-a16(1) >>chmod +rwx sp.utility  
library-a16(1) >>ls -lrt sp.utility  
-rwxrwxr-x 1 aleph aleph 5030 Dec 30 06:59 sp.utility*
```
