## How to remove items from e-Shelf "select how to save" dropdown

- **Article Type:** General
  - **Product:** Primo
- 

Desired Outcome Goal:

Remove items from e-Shelf "select how to save" dropdown

Procedure:

1. Navigate to the "Pushto Adaptors" mapping table:

Primo Home > Advanced Configuration > All Mapping Tables > Pushto Adaptors

2. Disable the mapping table row for the option to be hidden

3. Save and deploy the table

---

### Additional Information

-This works only at the installation level

-The "Pushto Adaptors" mapping table also controls the "Actions" dropdown list, so changes to this table will also affect the "Actions" list options.

-Items in the "selec
