

Items Status Change Doesn't Change Due Hour in Loan-Receipt-00

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 18.01

Description:

The item status of the following recorded has been changed to Code 24 (4 hrs. loan), however, it displays the due hour as the current time of the check-out PC station.

Please see the following due date slip for more information. The corresponding Oracle table field is z36-due-hour. Your help is highly appreciated.

09/Nov/2007
loan-receipt-00

Loan Date: 09/Nov/2007
Barcode: 31741107622849
ID: 5008018
Due Date: 09/Nov/2007
Due Hour: 03:50 PM
Call No: Software (Logic Pro software dongle) 2
Copy Number: 2
Title: Software -- Logic Pro software dongle.

Resolution:

The Hour parameter is column 9 in tab16.

Which tab16 line will be used is determined by:
the Group ID for tab16,
the item_status, and
the patron status.

In this case we find that z30/item 002106883-000020 has ""MULTI" as its sublibrary, and "24" as its item status.

Consulting \$alephe_tab/tab_sub_library, we find that sublibrary MULTI has "MULTI" as its "Group ID for tab16" (col 7):

```
! 1 2 3 4 5 6 7 8 9 10 11  
!!!!-!-!!!!-!-!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!-!!!!-!!!!-!!!!-!!!!-!!!  
MULTI 1 ABC50 L Student Multimedia Design Cntr ABC15 MULTI 17S ABC50
```

Further, consulting the abc50 tab16 we find that there is no "MULTI 24" line.

You need to either add a "MULTI 24 ..." line or, alternatively, a "##### 24 ..." line or a "MULTI ## ..."
