

## Slots not created by p\_cir\_60

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Description:

We run p\_cir\_60 but no slots (Z320) were created as expected.

### Resolution:

The service p\_cir\_60 is checking col.10 of tab15.eng (OPAC display). If it is set to "N", no slots will be created. Changing this column to "Y" has solved the problem.
