## How to obtain max Voyager high water mark

- **Product:** Voyager
- 

### Question

How to obtain maximum Voyager high water mark for performance evaluation?

### Answer

1. Log in to Voyager server as Oracle user.
  2. Run the following command: 

```
grep -i mark $ORA_LOG/alert_* | awk '{print $6}' | sort -rn |  
uniq
```
  3. The max value is shown in the first row.
