

Is Web Self-Check still available?

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 18.01
-

Description:

One of our sites is possibly interested in pursuing Aleph Web Self-Check, but I found a KB referencing rep_change 000178 indicating it's been removed from Aleph. However, the documentation is still up on the Docportal.

Please clarify if Web Self-Check is available or not.

Resolution:

Web Self-Check is still available. See KB 16384-22658.
