

No z69 data for xxx30 library

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 19.01
-

Description:

We were trying to get statistics on howmany times our course reserves (base "ABRSV" that we created in tab_base.eng) has been searched in our catalog. However, I noticed there is no z69 data in our ABC30 library. This is the first time we are looking for these stats so I don't know if the z69 has never been populated or should be.

Resolution:

You need to add the z69 to your abc30 file_list and do util a/17/1 in abc30 to create it.

Z69 has been added to the \$aleph_root/tab/file_list.COURSE template with

V19 - rpc #709

V20 - rpc #123
