## Global Patron information, translation of 'GENDER' in patron information

- **Article Type:** Q&A
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Question

Global patron information:

Is it possible to translate the content of the drop down menu of field gender (PATRON-GENDER)?

---

### Answer

Replace the text in column 3 of `./xxx50/tab/pc_tab_exp_field.lng`, section PATRON-GENDER

Example

Replace the Spanish word 'Hembra' with 'Femenino'

PATRON-GENDER L Hembra F

with

PATRON-GENDER L Femenino F
