

tab_z30_sort

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 14.2
-

Description:

What is the purpose of entries CIRC-0, CIRC-1... in tab_z30_sort?

These entries should refer to the CIRCULATION module, but in item list in CIRC also menu ITEM-SORT-TYPE from pc_tab_exp_field is used (like in ITEM control).

This question also refers to v16, where this entries are also present in the table.

Resolution:

Entries CIRC-0 etc' from tab_z30_sort are not in use.

From v17.01

tab_z30_sort - cleanup

Entries CIRC-0 till CIRC-4 were not in use so they were deleted.

Additional Information

tab_z30_sort, CIRC-0
