

How to unsubscribe from saved search emails in Primo

- **Article Type:** General
 - **Product:** Primo
-

Desired Outcome Goal:

Unsubscribe from saved search email alerts

Procedure:

1. Log in to Primo
 2. Navigate to My Account>Queries
 3. Select "Saved queries and alerts"
 4. Click the "delete" button for the relevant email alert
-

Additional Information

There is no unsubscribe link in the alert email itself- all changes must be made through Primo's "My Account" menu. Preferences for alerts can also be edited in the "Saved queries and alerts" menu.
