## How are DigiTool objects counted for license purposes?

- **Article Type:** General
  - **Product:** DigiTool
  - **Product Version:** 3
- 

---

### Answer:

All DEs are counted for license except:

1. USAGETYPE = THUMBNAIL
2. USAGETYPE = INDEX
3. Any DE that has a part of relation (i.e. a child of a DE that has an ENTITYTYPE = COMPLEX or METS )

---

### Additional Information

count, license
