

IE9 known issues.

- **Article Type:** General
 - **Product:** DigiTool
-

Description:

The following are known issues with DigiTool and IE9:

1. The calender in the Deposit module does not open – Compatibility issue.
Once the compatibility is 'on' it works properly.
Other browsers are also an option.
2. The reports in the management (Birt Reports) are not displayed – Computability issue.
Once the compatibility is 'on' it works properly.
