

## SEARCHPARAM Index Definition IDS=Y

- **Article Type:** Q&A
  - **Product:** Voyager
  - **Product Version:** 8.2.0
- 

### Question

What is IDS=Y in SEARCHPARAM.INDEXRULES?

---

### Answer

This code appears in index rules (column INDEXRULES in table SEARCHPARAM) when "Show Index Column With Search Results" *is not checked* in System Administration > Search > {search type} > {search index} > Search Results tab.

**Category:** System Administration
