Description:

Automatic Removal of Process Status, when Lost items are circulated.

Resolution:

In the case that the switch in tab100 is set as following:

LOST-PROC-STATUS=MI MS

Then whenever the barcode of an item with Process status MI MS is scanned, "circulated", the process status will be removed.

The message:

Item returned declared lost

Do you want to continue?

Yes No

refers to the option if the item will remain on loan or returned!

Does not refer to the changing of the item process status!
