
Forcing bib LDR positions 09 and 18 to "a"

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

I want to create a fix to be used when I import bibliographical records in batch to ensure that, in the LDR:

character encoding scheme position 09 is always "a" and
descriptive cataloguing position 18 is always "a"

Resolution:

[From Katherine Mallows, British Library, on Global Aleph Users list:]

```
!  
! 2 3 4 5 6 7 8 9  
!-!!!!-!!-!-!!!-!!!-!!!!-!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!  
1 LDR## 018 018 FIXED-CHANGE-VAL #,a  
1 LDR## 009 009 FIXED-CHANGE-VAL #,a
```

to be included in a \$lib_tab/tab/import*.fix file e.g. ldr_standard.fix
Then called in \$lib_tab/tab_fix via a line such as

```
LDR fix_doc_do_file_08 ldr_standard.fix
```
