## How record data for "Deutsche Bibliotheksstatistik" (DBS)?

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 20

---

### Description:

Our library needs to produce a yearly statistic report for "Deutsche Bibliotheksstatistik" (DBS, German library statistic).

Can you give us any advices how to record the data in Aleph in order to be able to produce these reports using UTIL S 3?

### Resolution:

See attachment document (in German language).
