

## Can you delete Database Definitions?

- **Article Type:** Q&A
  - **Product:** Voyager
  - **Product Version:** 8.1.1
- 

### Question

Can we delete old databases no longer in use?

---

### Answer

Yes, you can delete databases from System Administration>Search>Database Definitions.

---

### Additional Information

For the deleted Database Definitions, you should also remove them from the "Connections" section of webvoyage.properties.
