

Changing OPAC start page

- **Article Type:** Q&A
 - **Product:** Aleph
 - **Product Version:** 21
-

Question

Is there a way you can remove the initial login page when the OPAC opens, and instead go straight to the search area?

Answer

Copy in the /exlibris/aleph/unn_n/alephe/www_f_Ing directory the find-b file over the login file

```
cp find-b login
```

Restart the WWW server.
