

Scheduling statistics queries for a date range

- **Article Type:** Q&A
 - **Product:** SFX
 - **Product Version:** 4
-

Question

Is there a way to schedule queries to run on a particular date range, e.g. "last month"?

Answer

- *As with manually run queries, scheduled statistics queries can be run for a date range
- *When selecting the parameters for the query, set the relative date range to the desired time frame
- *In the lower right click "Schedule"
- *Set the date/time and specify an email address
- *The results of the query will be emailed at the scheduled time
