## What are the possible statuses for an item?

- **Article Type:** Q&A
  - **Product:** Alma
- 

### Question

What are the possible statuses for an item, **during migration to Alma**? The only statuses we can get for items seem to be on the shelf or missing.

---

### Answer

**For data migration into Alma**, there are base statuses vs. process types.

Physical items > Base status list --

- \* Item in place
- \* Item not in place

Physical items > Process Type list --

- \* Acquisition
- \* Claimed Returned
- \* Hold Shelf
- \* Loan
- \* Lost
- \* Managed by Department
- \* Missing
- \* Not in Process
- \* Resource Sharing Request
- \* Technical - Migration
- \* Transit

**Category: Migration**

### Additional Information

Click here to find the "[Implementation Guides](#)".

For the Alma use of the statuses, see more regarding [Process Status, in "Requests Monitor"](#), and explanation about **Process Type** when "[Working with Items](#)".
