

In which MARC field does Voyager store item barcode data?

- **Product:** Voyager
 - **Product Version:** 7.0.2
-

Question

In which MARC field does Voyager store item barcode data?

Answer

Voyager item barcode information is not stored in any MARC field, but in a non-MARC field in the item record.

Additional Information

Item barcode information is stored in the Oracle database in the ITEM_BARCODE field, part of the ITEM_BARCODE table. See also [Voyager Data Dictionary](#)
