
Controlling the appearance of the SFX button in the Web OPAC

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 16.02
-

Description:

What determines under which conditions the SFX button will appear in the Web OPAC?

Resolution:

The tab_sfx table, found in the BIB library's data_tab, determines under which conditions the SFX button will appear in the Web OPAC. The parameters for displaying the button are button type, current logical base, and the desired service from SFX.

Additional Information

SFX button, Web OPAC, tab_sfx table
