
Remove Institution Name from Banner

- **Article Type:** General
 - **Product:** MetaLib
 - **Product Version:** 4
-

Description:

How can I remove the institution name from the top banner?

Resolution:

To remove the institution's name from the top right hand side of the MetaLib banner, edit the file `./insNN/www_v_<lng>/banner-1`.

Find the line:

```
<TD valign="top" class="HeaderTxt" background="&icon_path_&lng/v-Header.gif" width="212" align="right">$INST<IMG SRC="&icon_path_&lng/v-pixel.gif" WIDTH="212" HEIGHT="1" BORDER="0" alt=""></TD>
```

and remove the place holder label "\$INST".

You might need to remove the institution's UTF files, empty your browser's cache and/or start a new browser session for this change to take place.

\$INST displays the institution name.

For guest users, this value is taken from `./vir00/tab/default_z312`.

For logged in users, it is the institution to which the user belongs.
