

Editing captions in tab05.eng

- **Article Type:** General

Description:

Is it possible to edit the captions in tab05.eng or are they hard-coded?

I changed the 773 line from 'In:' to 'Linked record:' but it is still displaying as 'In:' in the OPAC.

Resolution:

If the Z103 link is already created, it is not possible to change its display, since the caption already exists in z103.

The caption can be changed if the link is created AFTER changing tab05.eng OR by running p-manage-12 to rebuild Z103 links.

Note that the caption is part of the z103 and is static: it will not be changed to match language interface.

KEYWORDS: manage_12 p-manage-12

Additional Information

tab05.eng, z103, p_manage_12
