
Viewing cash for patron

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 18.01
-

Description:

I do not see the cash for readers in circulation after they return a book that had a fine.

Resolution:

You should add the sub library with type "6" in \$alephe_tab/tab_attr_sub_library in order to view the cash.

If it's only non-item cash transactions (new library card, library card renewal) which don't display, see KB 16384-38961.

Additional Information

Version 16, viewing cash
