## Patron List dialog box

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 18.01
- 

### Description:

Can we control what information is displayed in the Patron List dialog box (press ... button in patron bar to open it)? (currently displayed: patron id, patron barcode, patron name and rows from the patron address)

### Resolution:

Each column of the patron list dialog box is controlled by right clicking the header of one of the columns and then choosing which columns you want to appear.

The default radio button (patron id, patron barcode, or patron name) is controlled by the [UserList]

BorrowersOnly=Y

! FilterType: 0 - sort by name ; 1 - sort by ID ; 2 - sort by barcode

FilterType=1

section of AL500/circ/tab/circ.ini
