

Google Scholar Integration in DigiTool

- **Article Type:** General
 - **Product:** DigiTool
-

Description:

There was a mistake in the RN of the Google Scholar regarding the following instruction:

“13. For indexing by Google Scholar article full text, add the following lines to:

```
$user_dev/dtle/www_server.conf and www_server.conf.tpl
```

```
# For indexing full text by Google Scholar
```

```
setenv gs_include_full_text N “
```

parameter `gs_include_full_text` should be set to Y.

Please change this parameter to Y and run `start_w`.

Resolution:

Please change this parameter to Y and run `start_w`.
