

Displaying Related Objects in the SFX Menu

- **Product:** SFX
 - **Relevant for Installation Type:** Local, Direct
-

Question

How do I configure SFX to display the related objects in the SFX menu?

Answer

Go to the SFX Admin > Setup & Administration > Configuration > Menu Configuration.

In the Related Objects tab, you can set up the display of related objects.

Additional Information

For detailed information regarding the options, please refer to the 'Related Objects' section in the 'Configuration' chapter of the [SFX General Users Guide.pdf](#).
