
How to change text of z00p AVA field status values

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Desired Outcome Goal:

Change the text of the z00p ("ALEPH Published Documents") AVA field status values.

Procedure:

Copy the \$aleph_root/error_eng/expand_doc_bib_avail file as \$alephe_root/error_eng/expand_doc_bib_avail and change the following lines in the latter:

```
5001 0000 L Available
5002 0000 L Unavailable
5003 0000 L Check Holdings
```

Additional Information

The message numbers associated with the AVAIL-STATUS in the expand_doc_bib_avail program are 5001, 5002, and 5003:

```
EVALUATE L-AVAIL-STATUS
WHEN "available"
MOVE 5001 TO N4-N
WHEN "unavailable"
MOVE 5002 TO N4-N
WHEN "check_holdings"
MOVE 5003 TO N4-N
END-EVALUATE.
```
