
p_acq_14 does not change status from RSV to SV

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

Vendor is set up as LI and has correct email address.

p_acq_14 (run on 11/23/2009) should have changed the status of the order to SV, but it is still RSV.

Resolution:

[From site:] The operator was not choosing "update database" in the p_acq_14 submission.
