

## Removing buttons from the GUI

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 16.02
- 

### Description:

Is there a way to "turn off" the "Clear All" button on the GUI Circulation "Loan" tab, "History" node? I've commented out "LoanHistory.Btn.Clear +Clear All" in the /circ/tab/eng/window.dat, but it didn't effect the GUI.

### Resolution:

You can change the text on a button. You can change the default button that is selected when you just press <enter>. But there is no way to remove or inactivate it. And this one is not privilege controlled. It can't be controlled through GUIsys.ini either.

---

## Additional Information

remove, button, GUI
