## CIRC:Short loan on overdue items.

- **Article Type:** General
  - **Product:** Voyager
  - **Product Version:** 6.5.2
- 

### Description:

Bug Report Form for Issue 16384-9025

Module(s): Circulation, WebVoyage

Server platform(s) affected: Solaris

Release(s) replicated in: 7.1.0, 7.1.1

Last version without bug (if applicable): 6.5.1

### Expected results:

Short loans should on overdue items should be allowed or blocked consistently.

### Actual results:

Short loans on past due items are blocked until circjob 2 is run and the overdue status is applied, at which point short loan requests are allowed.

### Replication steps:

1. Charge out a short loan item and allow it to go past due, but do not run circjob 2 or circjob 12.
  2. Try to place a short loan request on the item for a different patron.
  3. Receive error: "The short loan has been blocked for the following reasons. The item is unavailable." In WebVoyage, patrons receive "No items are available for Short Loan" error.
- OR
1. Charge out a short loan item and allow it to go past due.
  2. Run circjob 12 or circjob 2 in order to apply the overdue status to the item.
  3. Try to place a short loan request on the item for a different patron.
  4. Receive confirmation message: "Short loan request placed."

Other information: As part of the fix for Issue 18451 in Voyager 6.5.2, it was decided that Short Loan requests should be blocked on overdue items. There are also a number of enhancement requests open asking the opposite.

### Resolution:

Fixed for Voyager 8.0.0.
